

12-14-20 CAMPBELL MESSENGER STAFF

Good afternoon.

Superintendent Eddie Campbell here, with a pandemic update for all Mon County Schools employees.

Following winter break, Mon County Schools will continue to provide Remote Learning only through January 20th the last day of our first semester.

All staff will continue to report to their schools and offices following winter break.

Let me repeat that message:

We will resume Remote Learning for all students on January 4th and will continue through January 20th, the last day of our first semester.

Staff will resume reporting to their buildings on January 4th.

District administrators and our county Board of Education have made this decision in the best interests of both our students and staff.

Working with the Mon County Health Department and the State Department of Education, we'll continue to monitor COVID's impact during the coming weeks.

Please continue to mask-up, social distance and celebrate the season responsibly.

Thanks for listening.
