I, \_\_\_\_\_, understand I am being afforded the opportunity to recover credit in classes which I previously failed. Upon successful completion of the online course work the credit and grade will be added to my transcript. The previous failing grade will remain on the transcript.

- Any absences must have permission from administrator.
- I understand this is a self-paced course, but I must make adequate progress to remain in the course.
- I understand a facilitator is available for my assistance and I will consult with them on a regular basis to make certain I am making successful progress.
- I understand I must do my own work. Cheating of any type may result in loss of this/future opportunities in CR.
- I must be punctual for all sessions, remain on task, and follow all rules set out by the facilitator.
- Discipline problems will not be tolerated. If I am removed for any reason, I will not have the opportunity to participate in this program again.
